

SIGN UP FOR
FUN AND
ADVENTURE

WHAT TO EXPECT

Have your student join us for a trip around the world right here at ACS! We will spend our summer learning about countries around the world. Your child will create art projects, engage in new games, learn about animals, and make/try new foods from each country we explore. In addition, your child will enjoy water days, field trips, fun on wheels and specials like OE, PE and music. A summer full of fun and friends at a place your kids already know and love!
